

The World In Numbers!

Statistical Analysis of the World's Data

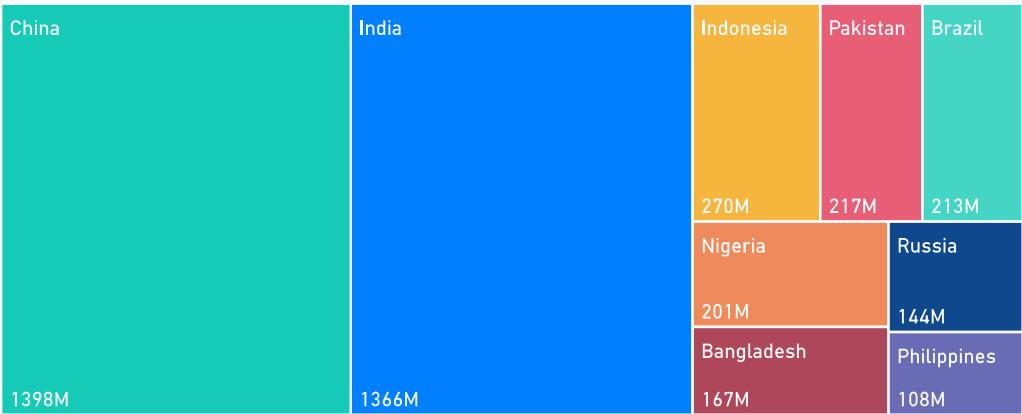

By Janhavi Pimplikar

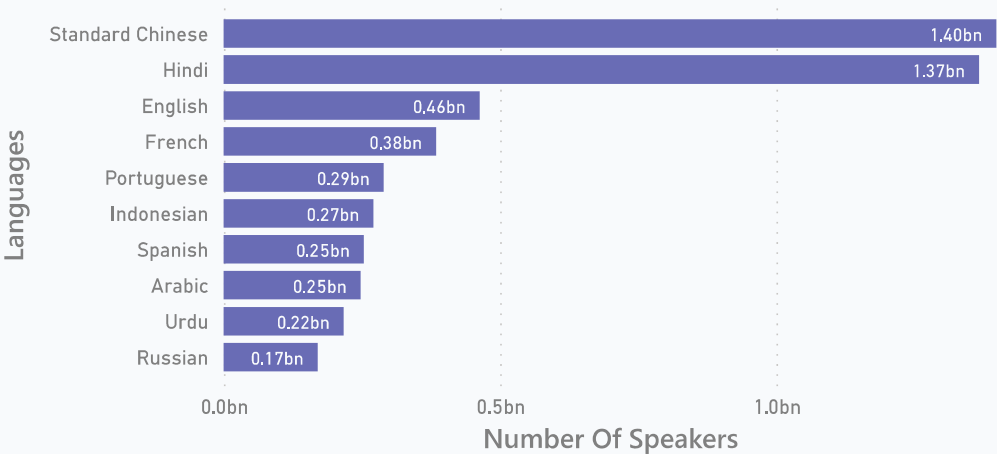

Population And Language

By the Numbers

Most Populated Countries

Most Spoken Languages

Total Population
6.254bn

Military Personnel Count
20.171M

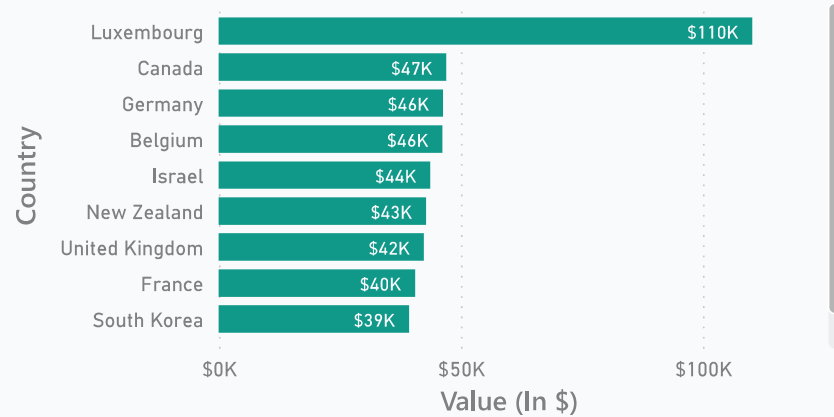

Map Of Population Density

Economy

By the Numbers

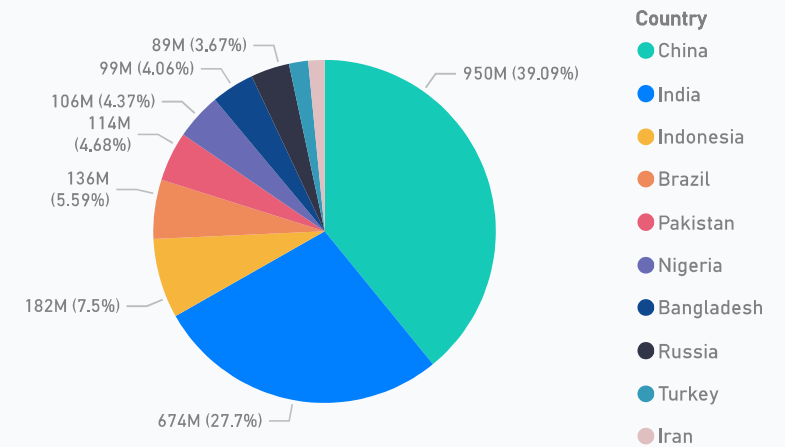

Top 10 Countries By GDP Per Capita by Country

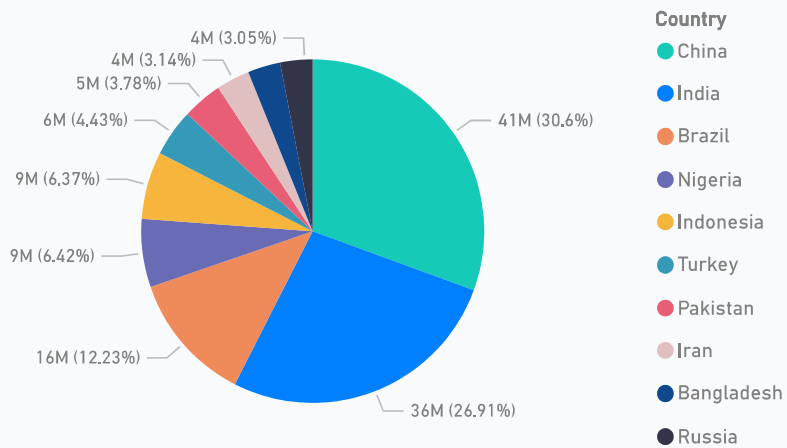

Total GDP
\$53.761T

Avg. GDP Per Capita
\$11.269K

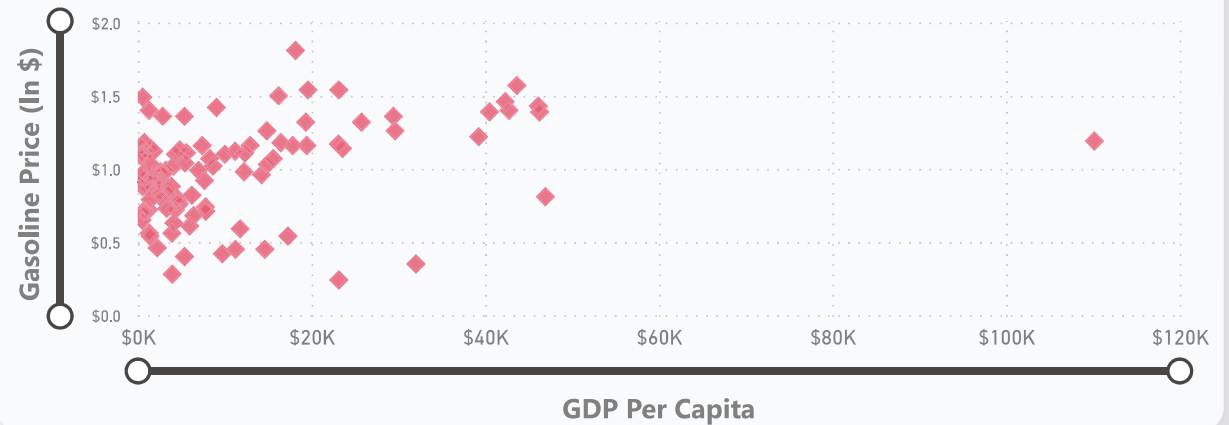

Share Of Maximum Labour Force Count by Country

Share Of Highest Unemployment Count by Country

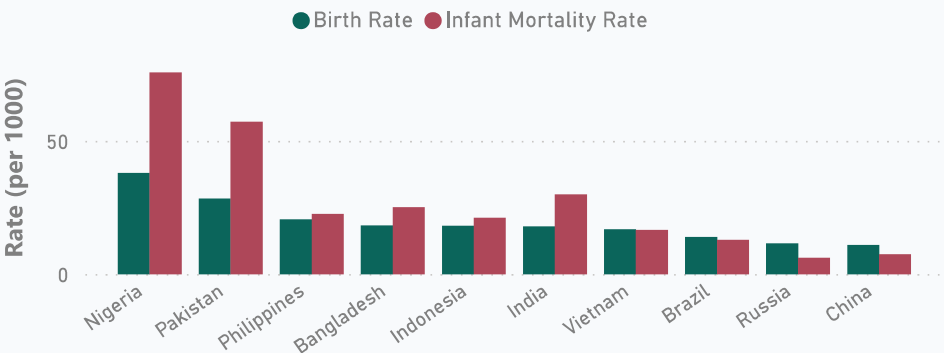

Relation Between GDP Per Capita and Gasoline Prices

Demographics

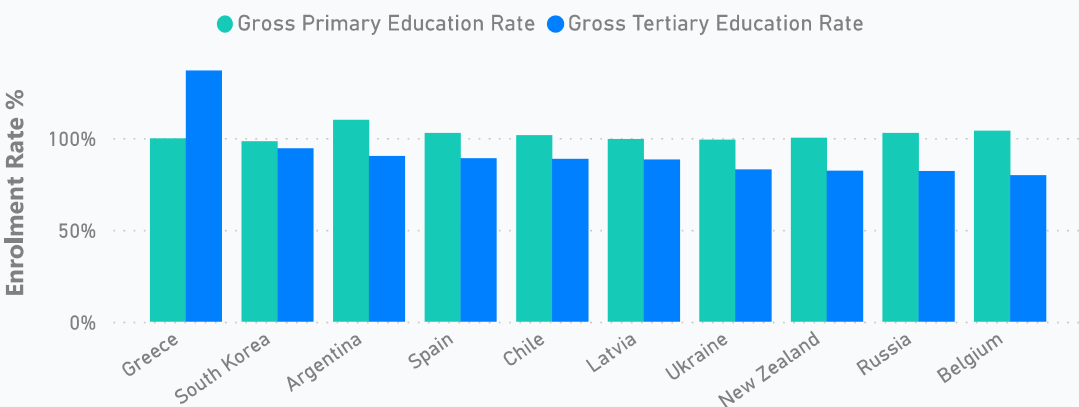

By the Numbers

Birth Rate and Infant Mortality Rate Of Most Populated Countries

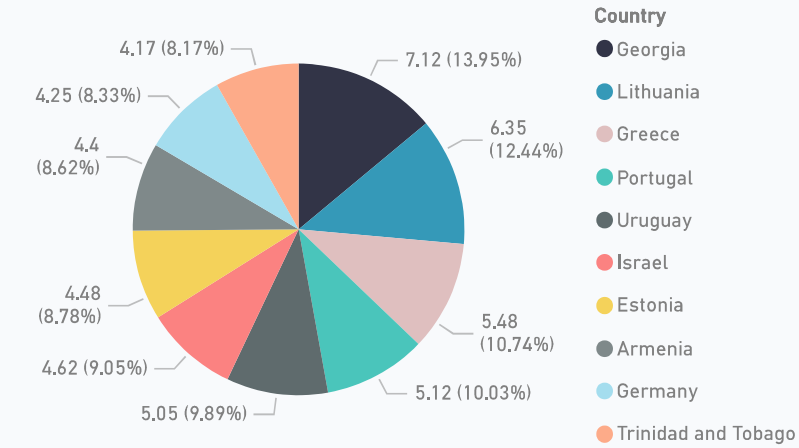

Most Populous Countries

Education Enrolment Trends

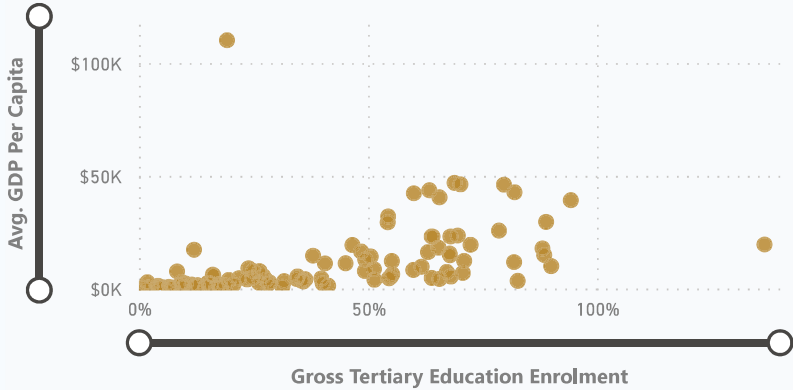

Countries

Share Of Countries With Highest Physician Rate

Gross Tertiary Education Enrolment and Avg. GDP Per Capita by Country

Avg. Life Expectancy

72.50

Avg. Fertility Rate

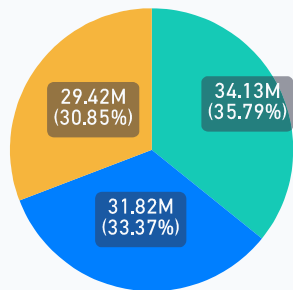

2.69

Land Usage

By the Numbers

Distribution Of Total Land Area

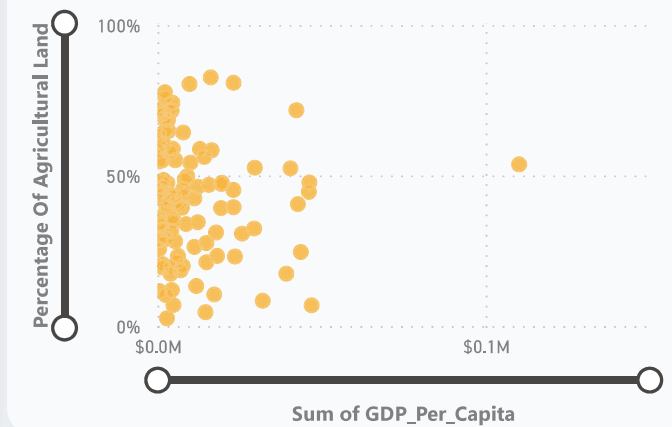

● Agricultural Land Area ● Forest Cover Area ● Other

Countries With Maximum Agricultural Land Area (sq. km.)

Relation Between GDP And Percentage Of Agricultural Land

Countries With Maximum Forest Cover Area (sq. km.)

Number Of Countries

107

Land Area (sq. km.)

95.359M

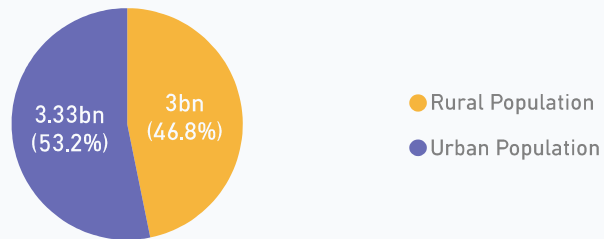

Maximum Other Land Area by Country (sq. km.)

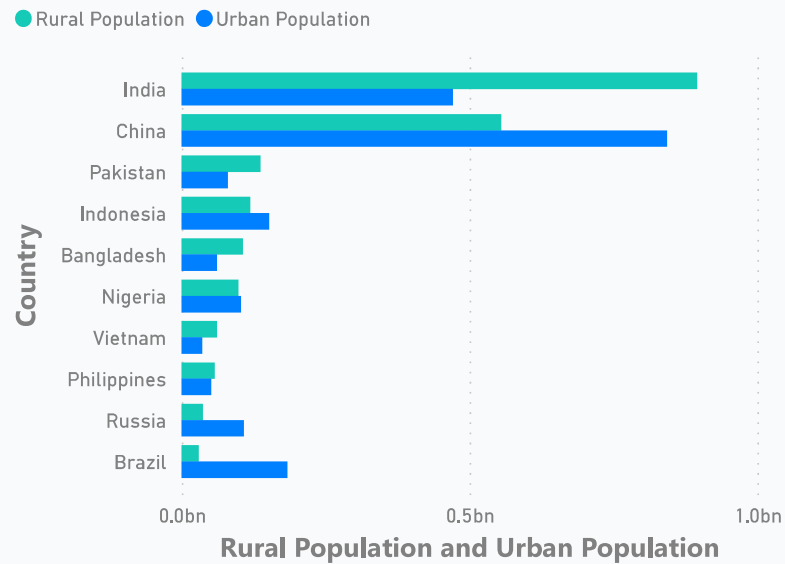

Urbanization

By the Numbers

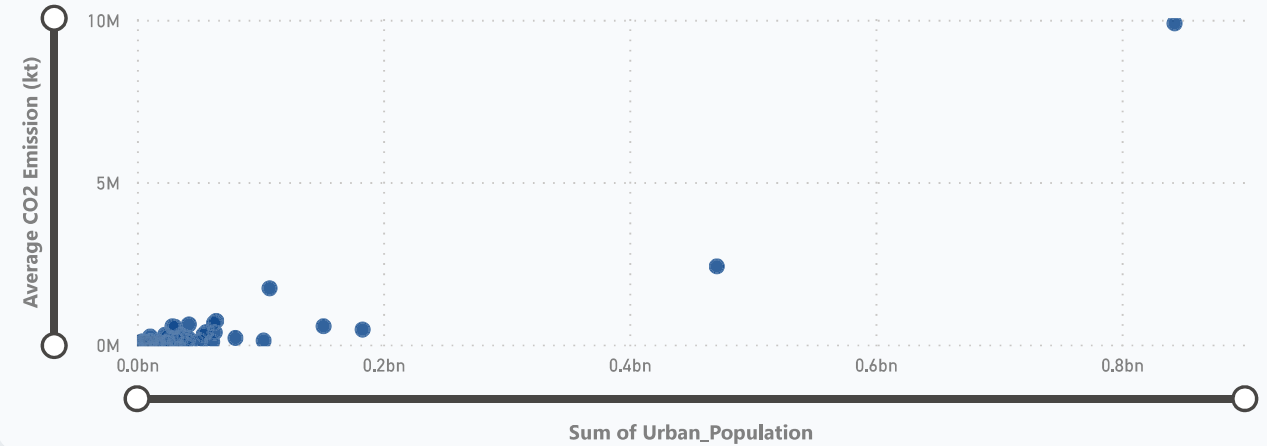

Residential Distribution Of Population

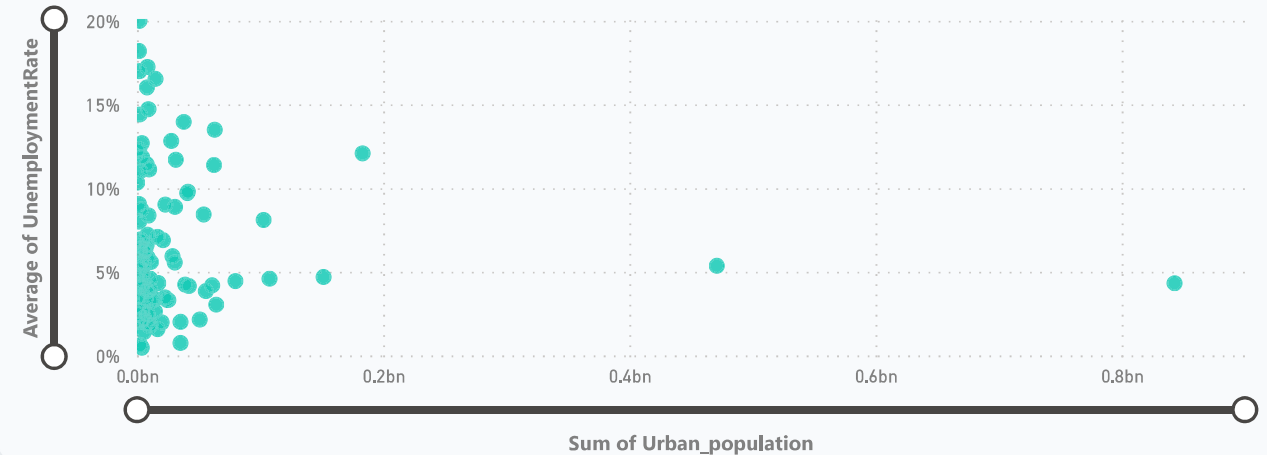

Residential Distribution Of The Most Populated Countries

Relation Between Urban Population And Avg. CO2 Emissions

Relation Between Urban Population And Avg. Unemployment Rate

Thank You.
